

Griffin PS Learning Pack

Remember to Tweet your work daily:

@griffinprimary

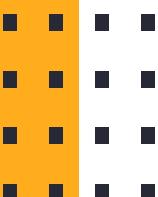

Plus do not forget the daily challenge:

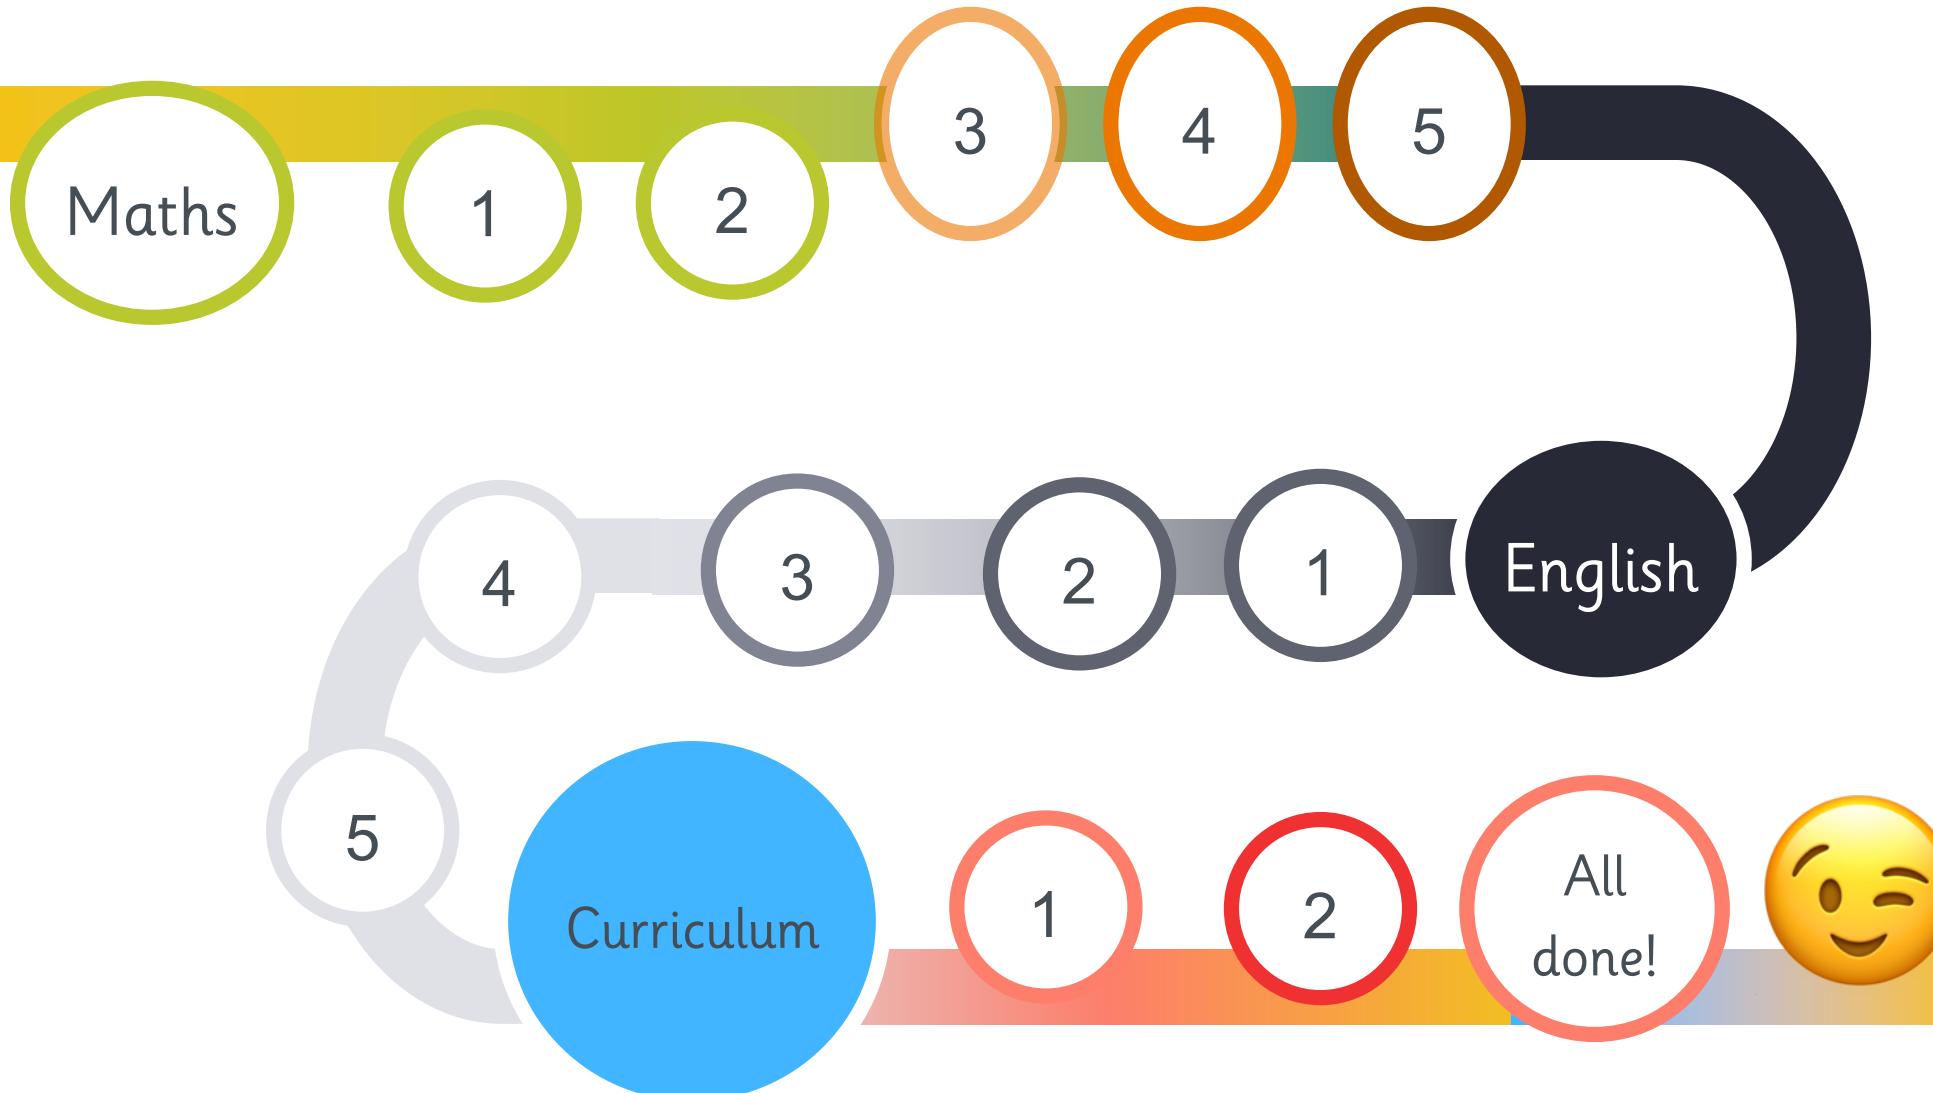

#gpsdailychallenge

Instructions for use

- Work through the tasks daily if possible, but remember to have breaks as you would do in school.
- Spend enough time to complete the task (around 30-40 minutes), but remember to have fun and time with your family too.
- We are still here to support you. Twitter is a great way to contact us.

Maths

This week in maths we will be...

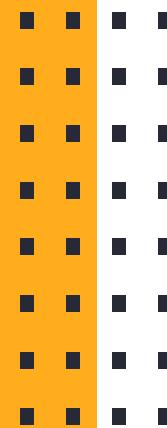

“

Lesson 1

Calculating scale factors

<https://whiterosemaths.com/homelearning/year-6/>

“

Lesson 2

Ratio and proportion problems

<https://whiterosemaths.com/homelearning/year-6/>

“

Lesson 3

Measure with a protractor

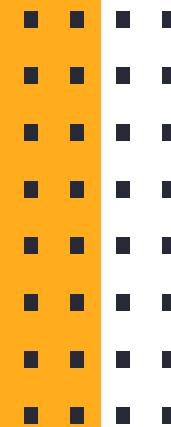

<https://whiterosemaths.com/homelearning/year-6/>

“

Lesson 4

Introduce angles

<https://whiterosemaths.com/homelearning/year-6/>

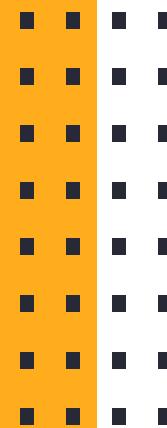

“

Lesson 5

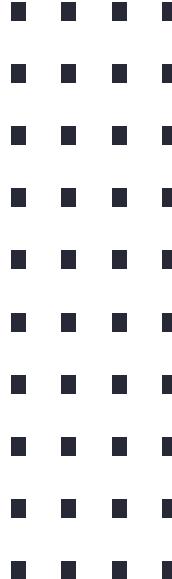

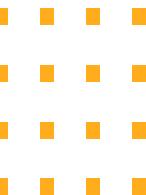

Calculate angles

<https://whiterosemaths.com/homelearning/year-6/>

English

This week in English we will be...

“

Lesson 1

Create a setting description for the following image.
Imagine you had just walked into this room.

“

Lesson 2

Create a quick cartoon sketch (no longer than 8 boxes – fold a piece of A4 paper into 8 equal pieces) based on the following.

Monkey Symphony

In a musical family two brothers are separated by musical differences. At the beginning of the film we see a talented chimpanzee playing the piano wearing his overalls, he seems to be a cleaner with a hidden talent. As he leaves the stage we see the maestro enter. The two chimps share a look. This look leads to a flashback and we see these two chimps as young boys having a piano lesson in a 'Parisien' apartment with a strict Madame. One boy sticks to the rules and plays classically, resisting the urge to have fun and 'funk' it up whilst the other is reprimanded and forced to leave.

Back in the present we see both Chimps on stage. One behind the curtain and the other in front. Their practise session becomes duelling pianos. The Madame tries her best to stop them playing in the modern style, while a friendly gorilla ensures that they enjoy themselves. They bond over the music, the Madame leaves and the chimpanzees rekindle their friendship over a grand piano.

“

Lesson 3

What can you infer is happening in this scene? Think about the characters, the venue (place) etc.

“

Lesson 4

Watch the following: Monkey Symphony

<https://www.youtube.com/watch?v=qCZmq-RJvoI>

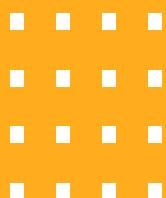

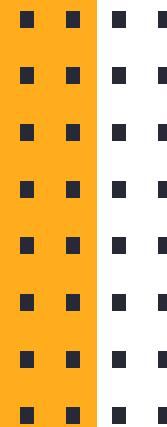

Write a prediction - what happens next?

Create a newspaper story detailing the events.

Ideas:

They create a duo who go on to be best sellers.

What happens to the piano teacher?

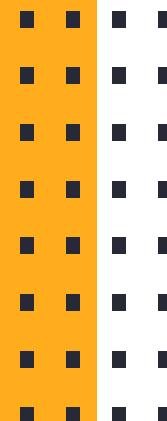

“

Lesson 5

Imagine you were the Madame (or the piano teacher).
What may she be saying at 1min50 – 2mins?

How would she be feeling? How do you know this?

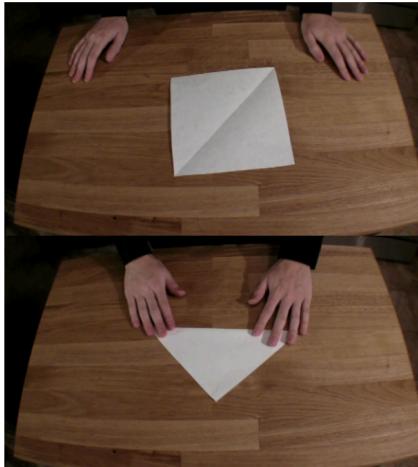

Curriculum

This week in curriculum we will be...

Lesson 1 – Science (Paper Hovercrafts)

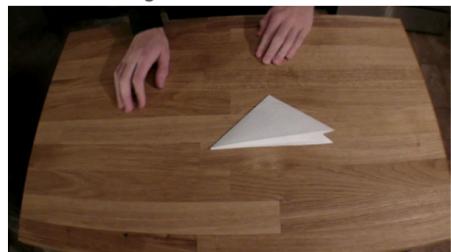

1. Start by folding the square in half corner to corner to make a triangle.

3. Unfold the previous fold to get the larger triangle. Fold the edges of the triangle into the newly-made crease to form a kite shape.

2. Fold that triangle in half corner to corner to form a smaller triangle.

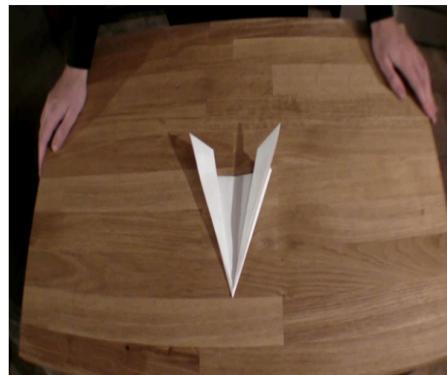

Lesson 1 – Science (Paper Hovercrafts)

4. Fold the inside edges of the kite shape toward the outside edges as shown.

5. Turn the paper upside down and blow gently into the open end. Your hovercraft should zoom away!

How it works:

The pocket under the hovercrafts trap air and create a zone of high pressure. Further, the air moving over the craft has lower pressure. This difference creates lift and gets rid of the friction that normally holds the paper in place on the table. Without friction holding it back, a little breath is all it takes to get the hovercraft speeding on its way!

“

Lesson 2 – Music

Create your own song, using your favourite chart single to create your own advice for children about staying indoors. Use Matt Lucas' "Baked Potato" as inspiration.
