My World, Your World by Melanie Walsh	Welcome to our World by Moira Butterfield	Peepo! by Janet and Allan Ahlberg	The Great Big Book of Families by Mary Hoffman
			
<p>In this story, Pierre says 'bonjour' and George says 'hello'. But . . . they both say 'achoo!' when they sneeze.</p> <p>Children will learn that the world is full of all sorts of people, speaking different languages and living different kinds of lives, but deep-down people are basically the same wherever they live.</p>	<p>Children all over the world are very different, but they also have much in common.</p> <p>In this book, children can learn all about what people in other countries eat, wear and play, and how they speak and celebrate. This delightful book teaches us that despite different languages, customs, and traditions, it really is a small world, after all.</p>	<p>Peepo is a story about a baby who is very observant of his surroundings, he picks out specific details of what he sees and encounters in his daily life.</p> <p>Children will share details about the baby's family and routines and may be able to link some of them to their own lives or begin to discuss their own family experiences. The children will be able to join in with some repeated rhyming refrains containing the order of "1, 2, 3"</p>	<p>What is a family? Once, it was said to be a father, mother, boy, girl, cat and dog living in a house with a garden. But as times have changed, families have changed too.</p> <p>Children will discover and discuss today's wide variety of family life: from homes, food, ways of celebrating, schools, and holidays to getting around, jobs and housework, from extended families, languages and hobbies to pets and family trees.</p>

FICTION	NON-FICTION	FICTION	NON-FICTION
<p>Dear Zoo by Rod Campbell</p>	<p>Creature Features by Natasha Durley</p>	<p>The Very Hungry Caterpillar by Eric Carle</p>	<p>The Incredible Life Cycle of a Butterfly by Kay Barnham</p>
			
<p>This 'lift the flap' book is about zoo animals being sent to a boy who wants a pet. This text provides opportunities for the children to learn about different animals and the sounds they make, and the children will be able to learn and join in with the repetitive refrains.</p>	<p>This exciting book celebrates the diversity of the animal kingdom. It encourages use of the language of size and explores the different features of a wide range of animals from around the world.</p>	<p>This transformation story follows the life cycle of an egg to a butterfly. As well as this, it provides children with the opportunity to learn the order of numbers and to count objects. Children will learn the days of the week and have opportunities to discuss different types of food.</p>	<p>In this non-fiction book, the children will follow the journey of a young boy and girl as they find out about insect life cycles. This illustrated picture book explores the life cycle process and explains each stage in detail.</p>
