Summer Fayre

What a busy time!

Messages

PE days for Year 4 are on Monday. Children will need to come to school in their PE kit.

On 13.06.22 please send your child in uniform for class photos with PE kit in a bag.

On behalf of all the staff in Year 4, I would like to thank you for your ongoing support. By sharing your concerns with us and backing up important messages at home, you have helped the children make some fantastic progress this year.

Here's to a successful Summer 2!

Miss L Wright

Miss C Morrell

Mrs L Wadsworth

Mrs K Watson

Together we will master...

English

We will read information texts about wildlife and write our own in the similar style.

We will write stories to entertain using animals as the main characters, continuing chapters of Charlotte's Web.

Maths

We will learn how to find lines of symmetry and complete symmetric figures.

We will understand the properties of shapes, including the names for different types of triangles and quadrilaterals.

Science

We will learn how to classify plants and animals based on their characteristics, and learn the names for animal groups.

Music

We will reflect on and revisit the key songs and genres we have explored this year, and practise the skills we have learned.

Geography

We will practise our fieldwork skills in the city of Hull, investigating land use and how areas have developed.

RE

We will talk about Christianity and special places, and how this links to their prayer and worship.

MFL

We are reading Goldilocks and the Three Bears in Spanish, discovering new vocabulary as we do!

PE

We will learn new tennis strokes and practise key shots like a forehand and backhand. We will be able to sustain a rally with a partner.

ART

We will learn about the artwork of James Neal, and use watercolours to create paintings in his style.

PHSE

We will learn about changes that happen to our bodies as we get older, including puberty. We will understand human life cycles.

Computing

We will investigate how to format texts for different purposes and audiences, on word processing and publishing documents.
