1. Schools' Planning Duty

1. Schools need to carry out accessibility planning for pupils with a disability. These are the same duties as previously existed under the Disability Discrimination Act (DDA) and which have been replicated in the **Equality Act 2010**:

- to promote equality of opportunity for disabled people: pupils, staff, parents, carers, and other people who use the school or may wish to; and
- to prepare and publish a **Disability Equality Scheme** to show how they will meet these duties.

This plan and the supporting SEND Local Offer meets the following criteria:

- Paragraph 3 of schedule 10 of the Equality Act 2010
 - Regulation 51 and schedule 1 to the Special Educational Needs and Disability Regulations 2014
 - Section 6 of the Special Educational Needs and Disability Code of Practice: 0 to 5 years.
2. According to the Act a “disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities”. The effect must be substantial, long term and adverse. The Equality Act definition of disability covers physical disabilities, sensory and other mental impairments, and learning disabilities.
3. This **Accessibility Plan** forms part of the school's Disability Equality Scheme and is a statutory duty. It sets out how the local governing body plans to proactively improve the equality of opportunity for those within its school community who have a disability. The duty is to anticipate and plan for their future needs.
4. In accordance with the Act the plan focuses on three ‘key areas’:
- increasing the extent to which disabled pupils can participate in the school curriculum
 - improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
 - improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.
5. It is a requirement that the school's **Accessibility Plan** is resourced, implemented and reviewed and revised as necessary. An action plan is attached as Appendix 1 showing the priorities identified for action along with how they are to be addressed within a given timeframe. Priorities and actions have been set so progress and outcomes can be measured.
6. **The plan is to be reviewed and updated every year.**

2. Schools Aims

2.1. At Griffin Primary we are committed to establishing equality for all pupils, their parents, staff and other users of the school. This is reflected in our school aims, which state that Griffin Primary aims:

- to provide a safe, secure, stimulating and supportive atmosphere where each child is valued
- to nurture children towards positive self-worth, self-confidence as learners and to help each mature socially and emotionally
- to secure an inclusive learning environment and to support individual pupils i) with special educational needs ii) and/or disabilities

2.2. In drawing up this **Accessibility Plan** the school set the following priorities:

- To provide safe access throughout the school for all school users.
- To ensure that the learning and teaching environment and the resources used are suitable for all staff and pupils, tailoring the requirements to suit individual needs.
- To provide training to all staff regarding the needs of disabled people and how to provide assistance to enable them to enjoy the school experience as fully as possible.

2.3. In addition, parents of children and young people with a disability are consulted to ensure all needs and areas of concern are addressed.

2.4. As stated above, Griffin Primary is committed to equal opportunities and inclusion. This **Accessibility Plan** is not a standalone document but should be considered alongside the following school documents:

- Special Educational Needs policy
- Equal Opportunities statement
- Griffin Primary's Special Educational Needs & Disabilities (SEND) Local Offer
- Griffin Primary's Safeguarding and Child Protection policy and arrangements
- Health & Safety policy
- Staff related policies, e.g. risk assessments, Return to Work

This plan itself will also be used to advise and inform other school planning documents and policies.

2.5. It will be the responsibility of the whole school community to implement this scheme in a manner which promotes the inclusive ethos of our school.

3. Current Good Practice which supports this duty

3.1. The school is committed in providing the best care and provision for children with disabilities and we work closely with other agencies to adapt the environment to meet their needs. All staff working with a child with disabilities is provided with the relevant support and guidance to be able to support their needs.

3.2. Current Activities: Increasing the extent to which disabled pupils can participate in the school curriculum

- 3.2.1. Griffin Primary has a good working relationship with feeder nurseries and pre-schools. Transition for children starting school with a disability starts as soon as possible and a plan will be agreed. This may include multi-agency meetings with parents and all professionals involved in supporting the child. Early identification for a child with SEND is crucial and the LA Early Years SEND advisors supports practitioners to identify and signpost/refer to appropriate services and agencies.
- 3.2.2. The school SEND policy ensures that staff identify, assess and arrange suitable provision for pupils with special educational needs and / or disability. Working with the Hull SEND team, outreach services, health professionals and Educational Psychology Service, the SENCO will ensure the EHCP is in place and additional resources and provision available for the individual.
