6. Inclusion.....	6

1. Purpose

The term EAL is used when referring to pupils where English is not the pupil's first language. A pupil's first language is not English when the pupil:

- Has been exposed to a language other than English during early development, and
- Continues to be exposed to this language in the home or in the community

This policy sets out the School's aims, objectives and strategies with regard to meeting the needs and celebrating the skills of EAL pupils and helping them to achieve the highest possible standards. Inclusion is paramount for pupils whom English is an additional language.

2. Aims

The aim of this policy is to ensure that we meet the full range of needs of those children who are learning English as an additional language. This is in line with the requirements of the Race Relations Act 1976.

Our school will:

- Welcome and value the cultural, linguistic and educational experiences that pupils with EAL bring to the school.
- Help EAL pupils to become confident and fluent in speaking and listening, reading and writing in English in order to be able to fulfil their academic potential.
- Encourage and enable parental support in improving children's attainment.
- Assess the skills and needs of pupils with EAL and to give appropriate provision throughout the school.
- Maintain pupils' self-esteem and confidence by acknowledging and giving status to their skills in their own languages.

3. Teaching and progression

Language develops best when used in purposeful contexts across the curriculum. The language demands of learning tasks need to be identified and included in planning. Teaching and support staff play a crucial role in modelling uses of language. Knowledge and skills developed in learning the first language aid the acquisition of additional languages. A clear distinction should be made between EAL and Special Educational Needs.

To assist teachers and teaching assistants in supporting EAL pupils effectively the following 5 levels of proficiency.

- New to English
- Early Acquisition
- Developing Competence
- Competent
- Fluent

**Stage 1 – New to English (beginners)**

A child may:

- Use first language for learning and other purposes_
- Remain silent in the classroom_
- Copy/repeat some words and phrases_
- Understand some everyday English expressions but have minimal or no English literacy_
- Follow day-to-day social communication in English and begin to use spoken English for social purposes_
- Understand simple instructions and follow narrative/accounts with visual support_
- Develop some skills in reading and writing and become familiar with some subject specific vocabulary

A child at this stage needs significant support.

Stage 2 – Developing Competence (intermediate)

A child may:

- Participate in learning activities with increasing independence_
- Express themselves orally in English but structural inaccuracies are still apparent_
- Requires ongoing support in literacy, particularly for understanding text and writing_
- Follow abstract concepts and more complex written English

A child at this state requires support to access the curriculum fully.

Stage 3 – Competent (advanced)

A child may:

- Develop oral English well, allowing successful engagement in activities across the curriculum_
- Read and understand a wide variety of text_
- Written English may lack complexity_
- Demonstrate evidence of errors in grammatical structure

A child at this stage needs support to access subtle nuances of meaning, to refine English usage, and to develop abstract vocabulary.

Stage 4 – Fluent (intermediate)

A child may:

- Have excellent comprehension and make few grammatical errors_

A child at this stage requires support to finesse their grammatical understanding and appliance within their written work.

Stage 5 – Fluent (advanced)

A child at this stage can operate across the curriculum to a level of competence equivalent to that of a pupil who uses English as his/her first language. Additionally, they have acquired the ability to think in their second language.

4. Strategies

Staff will use the following support strategies to ensure access to the curriculum for EAL pupils:

- Collaborative group work
- Enhanced opportunities for speaking and listening
- Effective role models of speaking, reading and writing
- Additional verbal support e.g. repetition, alternative phrasing, peer support
- Additional visual support e.g. posters, objects, non-verbal clues, pictures, demonstration, use of gesture etc
- Bilingual resources e.g. dictionaries, on-line support, bilingual staff or pupils, texts, key word lists
- Writing frames, directed activities linked to texts
- Opportunities for role play
- Regular feedback from staff
- Discussion opportunities provided before and during reading and writing activities, using preferred language where appropriate
- Learning progression from concrete to abstract
- Further support for language development in the form of focus interventions

5. Assessment

On-going formative assessment will be used to determine a pupil's attainment and progress in line with the agreed school policies and procedures. Being knowledgeable about pupils' abilities and needs in English and other subjects allows for effective planning, teaching, interventions, groupings and use of resources to support learning and progress.

The progress of pupils with English as an additional language will be discussed in pupil progress meetings.

6. Inclusion

Pupils with English as an additional language will take part in the full curriculum for their year group.

The school will provide texts and resources that suit a pupil's age and level of learning. Teachers will recognise the child's mother tongue in order to boost the child's self-esteem. A pupil's strengths will be identified and they will be encouraged to transfer their knowledge, skills and understanding of one language to another. Teachers will recognise that pupils with English as an additional language will need more time to process and answer questions both orally and in written

format. The school recognises that intelligence is not measured in the ability to speak English fluently.

Should Special Educational Needs be identified, EAL pupils will have equal access to the school's SEND provision. EAL pupils identified as More Able, Gifted and Talented they will have equal access to the school's provision.

This policy will be reviewed every two years.
