Transition Week

**What a busy
time!**

Messages

PE days are Monday for 4SS and Friday for 4HS. Children will need to come to school in their PE kit.

Water bottles:

Please ensure your child has a clear water bottle, containing water or well-diluted juice in school every day. This must be taken home every evening to be washed and re-filled.

We would like to thank you for your ongoing support. By sharing your concerns with us and backing up important messages at home, you have helped the children make some fantastic progress this year.

Here's to a successful Summer 2!
Year 4 teaching team.

Staffing and contacts

Assistant Head and Phase Lead

Mr T Havercroft - tom.havercroft@vennacademy.org

Y4 Teaching Team

Miss S Stephenson - sarah.stephenson@vennacademy.org

Mrs E Sykes - emily.sykes@vennacademy.org

Support Staff Team

Mrs G Wigglesworth

Miss L Wright

Miss C Brookes

Together we will master...

English

We will read information texts about wildlife and write our own in the similar style.

We will write stories to entertain using animals as the main characters, continuing chapters of Charlotte's Web.

Maths

We will learn how to find lines of symmetry and complete symmetric figures.

We will understand the properties of shapes, including the names for different types of triangles and quadrilaterals.

Science

We will learn how to classify plants and animals based on their characteristics, and learn the names for animal groups.

Music

We will complete our brass instrument unit by performing our songs and pieces using PBuzz at a live concert.

Geography

We will practise our fieldwork skills in the city of Hull, investigating land use and how areas have developed.

RE

We will learn about the importance of the 5 pillars of Islam to Muslims, and how this has an impact on their lives.

MFL

We will learn key language for describing the weather and will role play as weather forecasters.

PE

We will learn new tennis strokes and practise key shots like a forehand and backhand. We will be able to sustain a rally with a partner.

ART

We will learn about the artwork of James Neal, and use watercolours to create paintings in his style.

PSHE

We will learn about changes that happen to our bodies as we get older, including puberty. We will understand human life cycles.

Computing

We will investigate the use of loops to create a repeated pattern and work towards creating our own games using coding skills.
